

Emergency Equipment Management presents,

Gerber Outerwear

EMS / Fire Service Garments

Gerber engineering and technological advances in fabrics combine for superior garment manufacturing. The jackets, rainpants, and outerwear on these pages offer the best formulations. Gerber uses cotton-soft, high performance materials that have been dyed for precise color consistency and texture.

- High performance all-weather laminate Stedair EMS barrier
- Seam sealing at the outer shell
- Double and safety stitching
- Thinsulate and Polartec thermal insulation
- Scotchlite reflective material
- OSHA compliant and NFPA 1999 certified
- Several of our products are also ANSI 107-2004 compliant
